As we prepare for the key meeting regarding the Stadium Shopping Centre ARP on July 22<sup>nd</sup> with City Council, we are optimistic about the positives this development process has had on our community. The community has become united behind a common vision and numerous residents have volunteered their time and/or money to help support the community. This bodes well as we prepare for the July 22<sup>nd</sup> meeting. At this Council meeting we are permitted to speak and state our perspective. Therefore, it is crucial that we are organized and that our key points are emphasized. Please attend the June 26<sup>th</sup> meeting to share your ideas and suggestions for our City Council presentation.
