## Calgary Planning Commission and City Council

The proposed area redevelopment plan was presented to the Calgary Planning Commission on June 6, 2013 and will be presented to City Council on July 22, 2013.

### Calgary Planning Commission

Staff presented the proposed area redevelopment plan and a report on the project to the Calgary Planning Commission on June 6, 2013.

Calgary Planning Commission discussed correspondence from the University Heights Community Association, the Foothills Mennonite Church, and members of the public, but the Calgary Planning Commission decided not to include this correspondence in the report.

Calgary Planning Commission recommended that Council amend the plan, to add a new policy under Section 5.4.4: "Building Design and Architecture" by adding a new subsection "6" to read "With regards to building heights and massing, consideration should be given to providing a variety of building form types. An appropriate proportional relationship to floor plate size and building heights should be considered."

Calgary Planning Commission unanimously recommended that Council approve the proposed area redevelopment plan.

### City Council

City Council will be holding a public hearing on the plan on July 22. There are three ways you can express your opinion to Council before it makes its decision:
