Thom – any word on the email below?  
Thanks,  
Mike

Good morning Thom.  
I just wanted to confirm LUPP approved the ARP process and is moving forward (I think that was happening last night?). Also, I will be contacting Kerensa to try and set up a meeting to discuss how the traffic component will be incorporated as we discussed previously.

We are also quite concerned about the timeline for the City to complete the ARP, so I was hoping we could discuss this further. The concern is the "red zone" with council next year where no profile or controversial projects are tabled prior to the election – I'm told this starts as early as May and we really want to ensure that the ARP is at council before that point so we don't lose another year.

Please give me a call when you have a moment.  
Thanks,  
Mike
