Hi Desmond/Paul...

I just wanted to send a quick follow up to our meeting last week and say thank you again for taking the time to discuss the ARP process. Please let us know as soon as you can about our bi-weekly meeting and specifically about getting together with Kerensa as soon as possible. As I mentioned, our main concern with the ARP at this point is timing – we really believe it is essential that, if this process is to work, the ARP is at council and approved (or not) before May 2013. If this timeframe is not met, then we believe that will be adding another year to the process which is not an approach we are prepared to live with (as I'm sure you can understand when we have been working on this for a few years already).

Again, thank you for your attention to the project and I look forward to hearing from you.

 Mike Brescia
 Vice President, Commercial Assets

Hi Mike,

Thursday November 1 is fine for Paul and I. We can do any time in the morning. Why don't we say 9h at your offices – let me know if that works.

In terms of agenda, the idea is really just to meet you, put faces to names, and get a sense from you as to the history of this project, where you're coming from, and how you see the ARP process playing out.

Best,

-Des
